

SOAK UP THE SUN AT THE GROVE

Spring is here, and that means longer days, warmer weather, and the perfect time to enjoy the great outdoors!

The Grove is the ideal spot to reconnect with nature—whether you're taking a leisurely walk, playing with your kids at Wolf's Prairie Park, or enjoying a peaceful moment under the trees. Our parks are family and dog-friendly, so bring your loved ones (both two and four-legged) and make the most of this beautiful season!

Community Reminders

With the grass coming back, we kindly ask everyone to be mindful of yard upkeep and weeds.

Also, a friendly reminder that parking in the tree lawn is prohibited.

Violators will receive a notice first, and repeat violations will result in a ticket.

Thank you for doing your part to keep our community clean and beautiful!

DID YOU KNOW?

The Village of Berrien Springs has a history as rich as its name! Incorporated in 1863 though some records suggest 1867 the village, along with Berrien County, was named in honor of John MacPherson Berrien. Berrien was a distinguished lawyer, U.S. senator, and even served as the U.S. attorney general under President Andrew Jackson.

But what about the "Springs" in Berrien Springs?

That addition came in April 1836, thanks to merchant R.E. Ward, who requested the name change after mineral springs were discovered in the area. These springs were once believed to have health benefits, making the village a notable spot in Michigan's history! Stay tuned for more fascinating facts about our community in the next newsletter!

LET'S GET GREEN THIS SPRING!

As the weather warms up, we're excited to kick off our seasonal clean-up efforts! Brush Pick-Up resumes on April 2nd, so be sure to have your brush neatly placed parallel to the road by 7:30 AM for collection. Our crews start early to help keep our village looking its best.

If you're looking for a way to dispose of recyclables, mark your calendar for Village Recycle Day on April 17th.

And don't forget, from April 21st to April 24th (until Noon), we'll be holding our Village Spring Clean-Up, making it easier than ever to clear out unwanted items and tidy up for the season.

Leaves need to be placed in biodegradable bags. Crews will pick them regularly.
